August 28, 2020

Dear Parents/Guardians:

An automated call will be made tonight about our district's plan to distribute technology equipment to students for the upcoming 2020-21 school year.

For students who are planning to attend school two days a week, they will be provided with their equipment in class during the first few days of the new school year.

Students who have chosen full remote learning will be able to obtain a chromebook (for elementary and middle school) or a Windows laptop (for high school) next Tuesday, Sept. 1 from 11 a.m.-3 p.m. The equipment will be available at your child's assigned school. If you are not available to pick up the equipment on Sept. 1, you will need to call the school to schedule an appointment to pick one up.

Elementary and middle school students who received a Chromebook during the spring should continue to use the same equipment. However, high school students who received a Chromebook should exchange their Chromebook for a laptop on Sept. 1 or when they have an appointment scheduled.

Thank you for your patience as we prepare for the opening of school on Wednesday, Sept. 2, 2020.

Sincerely,

Joseph DiBacco, Ed. D.
